Our Brief History

Mega Consult Limited was founded in 2012 to undertake consultancy services in Food safety, Environment , Health and safety fields. Prior to this period since 2003, the Company's Principal Consultant had been involved in numerous consultancies not only in Kenya but with some clients in Tanzania as well as Zambia. Most of these audits were in the areas of Food Safety and Health and safety. As the volume of work grew with the venture into the areas of environment, it became necessary for the scope of operation to be reviewed. This started in 2007 till 2012 when formal registration of the company was achieved.

The firm has thus evolved into a formidable company in portfolio, manpower and capital terms, growing a healthy clientele in the East African region.
